65%

\$60,000

70% • MAO

\$64,000

75%

\$69,000

MAO = (ARV \$127K × 0.70) – ~\$30K rehab – ~\$5K closing/holding = ~\$54K (matches 60% rung; protect downside on a cabin asset with thin buyer pool)

40387 Market Trend

Softening - rural Menifee County cabin market with 46 DOM, 94% sale-to-list, and rising inventory. Recommend the 65% rung; reserve 70% only if rehab is light and exit is summer 2026.

Valuation Confidence

MODERATE

Moderate confidence. Strong adjacent comp (556 Morganview, 0.02 mi) anchors \$/sqft, but \$/sqft variance across the rural comp set is wide (>40%) and the year-built is unknown.

- Best comp 556 Morganview is 0.02 mi away and same 2/1 footprint
- \$/sqft spread across 7 comps: \$57–\$184 (very wide) due to mixed condition
- Year built unknown (Imagine MLS shows 9999 placeholder) — limits age normalization
- Rural Menifee County sees thin transaction volume (7–19 sales/month zip-wide)
- Subject was the same property sold for \$145K in 3/2025, now HUD-owned and re-listed \$79K — condition has clearly deteriorated

Methodology

Weighted 70% recent (0-6 mo) + 30% older (6-12 mo) using condition-normalized \$/sqft. DIST comp at \$57 raised 20% to \$68; two RENO comps at \$165-\$169 reduced 12% to \$145-\$149; STD comps unchanged. Recent normalized average \$121/sqft; older normalized average \$157/sqft; blended $\$132/\text{sqft} \times 760 \text{ sqft} = \100K raw. Applied 8% subject-condition discount (HUD-owned, propane heat, window AC, septic, basic finishes) to arrive at \$92K As-Is. ARV anchored to mid-RENO \$/sqft and capped at the property's own 3/2025 sale price (\$145K) — a small 760 sqft cabin in this rural market is unlikely to clear above that without major SF expansion. Bid ladder built on As-Is. Recommended rung shifted from 70% to 65% to reflect softening rural market (94% S2L, 46 DOM, ~5 Mol). Current \$79K list still sits 26% above the 70% rung — patience or aggressive counter recommended.

Disclaimer. Actual sale price may vary due to market conditions, property updates, and buyer demand. For the most precise valuation, consult a licensed real estate professional. Sources: Zillow, Redfin, Realtor.com, Trulia, Imagine MLS #26000798, Menifee County market data.
